- Yourhub provides no guarantee that it can port your telephone number from your current Service Provider. Your current Service Provider may reject this port request if the information you provide is incorrect or does not match the data held by them.
- In this case you authorise Yourhub to correct the information and resubmit the request to port your telephone number or dispute the rejection by your current Service Provider. A porting request may also be rejected for other reasons as stated in the LNP Industry Code.
